

Drayton Valley Thunder

**Thunder Staff
2007-2008**

Larry Moberg- Head Coach*

Larry is in his first season with the Thunder as head coach after spending the previous four seasons as assistant coach. During his first four seasons, Larry developed into a knowledgeable coach who brings the player's and teacher's perspective to the staff. Larry was responsible for coaching the goaltenders, player development, off-ice training and education.

Larry's playing experience; both at the Junior and University levels have been beneficial for the players. After completing his junior career, Larry obtained a scholarship to the University of Alaska-Fairbanks and then played professionally in the East Coast Hockey League. Larry is also high school teacher in Drayton Valley, where he runs a Hockey Canada Skills Academy. He lives with his wife Pam and their two

children, Kael and Ella.

Jim Knight- General Manager

Noel Kingwell- Assistant Manager

Kevin Young- Trainer**

This will be Kevin's first season as Trainer with the Thunder, and is looking forward to being more involved. His past experience with Emergency Medical Services and his current experience with the Drayton Valley Fire Department gives him a good base in which to support our players on and off the ice. For the past 2 seasons, he has been the Thunder Billet Coordinator, and his family has been involved as a billet family as well. This opportunity has allowed him to get to know the organization and the players, and to build a relationship with the players, the billet families, and the community. This has been an exciting challenge, and with the support of his wife Lori, and his daughters Kira, Jade, and Darian, he will be able to help keep our boys flying.
